

## DINI SIMULATOR

DINI SIMULATOR TOOL: Simulatore dei software applicativi per 35 Screen

The screenshot displays the DINI SIMULATOR TOOL interface, which simulates a scale's software application. The interface is divided into several main sections:

- Scale Display (Left):** Shows a simulated scale screen with a gross weight of 3.590 kg. It includes fields for TARE (0.000 kg), LOT (2318), and ARTICLE (SCREWS). The customer is listed as DINI ARGEO. A virtual keypad with buttons for TARE, ESC, HELP, CLEAR, and numeric keys (1-9, 0, F1-F3) is visible to the right of the display.
- Printer (Bottom Left):** A window showing the simulated printer output, including the article name (SCREWS), lot number (2318), and weighing data (GROSS: 3.590kg, TARE: 0.000kg, NET: 3.590kg).
- Channels (Center):** A control panel for the simulation channels, showing four channels with values of 0.718, 0.000, 0.000, and 0.000 mV/V. Each channel has a vertical slider and a numerical display.
- Outputs (Right):** A list of 12 output channels, including Output Main Board 1-4 and Output Weicomp 1-12. Output Main Board 3 is currently active (highlighted in green).
- Analog Outputs (Bottom Right):** Shows a single active output with a value of 3.592 V / 7.184 mA.
- Inputs (Bottom Right):** A list of input channels, including Input Main Board and Input Weicomp 1-4, all currently set to OFF.

## CARATTERISTICHE

- Simulazione del peso con potenziometro digitale a 4 canali.
- Comunicazione con DiniTools e Dini Display Tool.
- Terminale seriale integrato, per l'invio di comandi e simulazione della lettura di codici a barre.
- Stampante virtuale integrata.
- Gestione delle porte seriali del PC per comunicazione con dispositivi esterni.
- Diagnostica degli input/output digitali e uscita analogica.
- Funzionalità di debug dei programmi basic.
- Salvataggio di screenshot delle schermate per la creazione di documentazione.

## SOFTWARE SUPPORTATI

-  AF01
-  AF02
-  AF03
-  AF04
-  AF05
-  AF08
-  AF09
-  BATCH1
-  BATCH
-  CHECK

## REQUISITI MINIMI

- Pentium IV o equivalente - 2GB Ram
- 2GB di spazio libero su disco
- Sistema operativo Windows 10
- Framework 4.0
- Monitor con risoluzione minima 1024 x 768
